John S. Richardson, of Sumter, S. C., will move to Hendersonville at an early day. He will engage in farming near Horse Shoe.

The Choral Society is making fine progress and will by and by let the people of Hendersonville and surrounding country know that they have not been idle.

On Tuesday night the thermometer dropped to two degrees above zero. It is said by me that it fell to one degree below zero. It is the coldest of the season at any rate.

The Board of Trade meeting at the court house on last Wednesday night was largely attended. Judge Ewart made a splendid speech. Mr. Harris, for some cause, did not appear. But Mr. W. A. Smith was there.

The date of the weekly meeting of the Choral Society has been changed from Monday night to Tuesday night. The place of meeting is in the hall over Brooks and Williams' store and the exact hour is 7:30.

There was considerable annoyance at the court house on last Thursday night by those in attendance on account of the tardiness of some who should have been on time but were half an hour late.

W. K. Justice, of Central Texas, is on a visit to his brother J. J. Justice and others. He described to us very minutely the boll weevil that is now creating such consternation among cotton raisers.

Rev. G. A. Oglesby, a prominent Methodist divine, was killed Jan. 24th in a wreck on the Ashboro and Aberdeen railroad. Mr. Oglesby married a sister of Judge Montgomery, of Concord, N. C. A son of Mr. Oglesby was painfully hurt at the same time.

According to reports from the Charlotte Observer the laws of prohibition are being pretty well enforced in that city. A Salisbury har-keeper, H. C. Trott, has been arrested and will appear before the authorities at Charlotte to give an account of his illegal work. Charlotte prohibition will prohibit.

Mr. Jno. C. Rogers of Courtenay, Fla., sends a subscription for The Hustler and in his letter says that the thermometer registered 90 on the 15th, but a three-days' northren, as it is called brought it down to 44. He infers from the great blow there that we have been having regular blizzards, but not so. We have had some small slices off the ragged edge of a blizzard only.

### A Bad Wreck.

A wreck occurred on the Transylvania railroad yesterday evening four miles west of this place. The cause of the wreck is supposed to have been caused by a broken truck or wheel. There were quite a number of passengers on the train and all were more or less shaken up and bruised. One lady, whose name we could not ascertain, is supposed to be quite seriously injured. The wonder is that some were killed outright for the baggage car and passenger coach toppled over on one side. The passengers were placed in a box car and taken to Brevard where they were given all the attention possible.

### Fine Porker.

Mr. G. F. Callamore, who lives out on the Shaw Creek road just two miles from town comes to the front in the way of big hogs. Last Monday he killed two which tipped the scales as follows: 558-1-2 and 554 pounds. A few days previous to this he killed one 9 months old that weighed 284 pounds and one 10 months old that weighed 300. Can this record be beaten?

### Commercial Bank.

Dr. White, cashier of National Bank of Marion and J. W. Pless came to Hendersonville last week for the purpose of establishing a new bank, and on Friday morning they went out to ascertain if the required stock could be acquired. By noon it was ascertained that more stock could be placed than was required and in order to accommodate those who desired stock, and applied for it, the amount had to be increased from \$15,000 to \$16,000. At 4 o'clock the plans were made and the preliminary organization effected. Committees were appointed to arrange for charter, by-laws, purchase of lot, erection of a building, etc. The Bradley lot, has been purchased from K. G. Morris, and Henry Jordan has been employed to arrange plans and erect building.

A. Flicker will, probably, erect a building in conjunction with this on adjoining lot.

W. J. Davis will be president of the bank, K. G. Morris, cashier, and W. A. Smith, attorney.

The charter has been prepared and sent to secretary of state for enrollment. The permanent organization will be effected as soon as the charter is returned, at which time the directors will be chosen.

The sudden manner in which this bank has sprung up is very significant, but it signifies the growth and prosperity of our town, but does not signify that our present bank with its efficient officers, are not in good standing with our people. It is a well known and a well advertised fact that the local stockholders and officers of the new bank are warm friends of Mr. Rickman, and while the new bank, as a matter of business, may to some extent and in some particulars effect his business, what has been done has served to develop a general expression, which indicates universal and unusual prosperity as a business man and as a citizen.

Success to all is the sentiment of THE HUSTLER.

### Obituary.

Otto Young, aged 32 years and one month, died at his home in Hendersonville on the 18th of January, 1905. He had been suffering from cancer for a number of months, and notwithstanding all the efforts on the part of his father and family in trying every treatment which they were advised might do him good, he grew worse and worse and on the day mentioned above he threw himself into the hands of the Supreme Being and his spirit waited to the home where angels dwell.

Otto bore his sufferings, which was almost unendurable, with great patience and often remarked that while he would like to live a while longer with his friends and companions, yet if it were the Savior's will for him to be taken to that eternal home which had been prepared for God's children he was ready to go.

The father and mother have lost their only son, the sisters have given up their only brother and the wife is deprived of a loving husband, and one whom they all had cause to be proud of as he had for many years been a dutiful son, a loving brother and a devoted husband, and while his home has that vacant chair and that void feeling he is the happy possessor of a home where Jesus dwells, and if he could speak he would say loved ones, do not grieve after me, as I have no pain or sorrow, but come up and dwell with me in the Eden of Paradise.

### BLANTYRE BLAB.

We are having some very fine weather now and the roads are getting so we can travel.

Frank Shipman is hauling cross-ties for the H. and B. railroad this week.

Cleveland Kilpatrick went back to his work in South Carolina last week.

Miss Ida Justus spent last Friday night at Mr. J. L. C. Orr's home.

Thomas Aiken made a flying trip to Mr. Shipman's last Saturday.

Miss L. Thomas visited friends at Hillgirt last Saturday and Sunday.

### Robbery at Hilgirt.

The store of S. A. Edwards, at Hilgirt was broken open last Wednesday night. Goods to the amount of \$18 or \$20 were taken. The cash drawer, which contained only a small amount, was broken open and robbed. The post-office is kept in this building and all the stamps available were taken. Perhaps about \$6.00.

### RUGBY GEMS.

Mr. Henry Lane makes frequent trips to Mills River. Who can tell us the cause?

Miss Kate Pender opened school near the Mills River P. O. last Monday.

The postponed meeting at Hill Girt is affecting the Rugby school rather seriously.

There is an addition to the John P. Maxwell family, it is a girl. Congratulate them who can.

Mr. John Goodwin has been ill for the past week; he is at his grandfather's, Capt. W. D. Miller's. We hope Johnnie will soon be all right again.

Mr. W. J. Hester, who has been on the sick list, is out once more.

Mr. L. S. Pender and Charlie Nichols started south last Saturday. Mr. Nichols was going only to Greenville, S. C. Mr. Pender goes on to the land of flowers where he will go into business and be away for some time.

Mr. George and Hill Summey went to the Bltmore flouring mills a few days ago. They met several Henderson men there; hope old Henderson will soon raise all her bread stuff.

Little Gertie Maxwell does not like the new sister; she has great objections to giving up the honors of being "The Baby."

Quite a number of the Confederate veterans from this way met the U. D. C's on the 18th to receive their crosses of honor.

THE TWINS.

### Nothing Doing.

"Put that fellow to shoveling coal," said his Satanic majesty to one of his imps.

"But, my dear sir," protested the new arrival, haughtily, "I'd have you know that I was a citizen of social and financial prominence in my late home town."

"Oh, that's all right," answered Satan, with a ghoulish grin. "You may have been the works at home, but just the same, you can't Odadwick me."

### STOBERWART BIRD.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cancer. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for its list of testimonials. Sold by all druggists; 75c. Address, F. J. Cheney & Co., Toledo, O. Take Hall's family pills for constipation.

### Resolutions of Respect.

Whereas it has pleased our Heavenly Father to transfer to another sphere of life the spirit of our sister Mrs. D. H. Hill; Be it resolved by Margaret Davis Hayes chapter U. D. C.

1. That we commend our departed sister to the loving care of Him who guides and guards all His children!

2. That we extend to all the bereaved relatives and friends our deepest sympathy!

3. That we thank the Master of all good workmen for the fact that though our sister has left us, nevertheless the good which she has done remains with us as an enduring heritage.

4. That these resolutions be spread upon the minutes of this chapter and copies be sent to Prof. Hill, and to both county papers.
